Only \$43.00 were still outstanding against the issue of notes of the Summerside Bank of Summerside, P.E.I. The bank which was opened in 1866 was closed in 1901 and absorbed by the Bank of Nova Scotia. Denominations issued, between 1866 and 1900 were \$1, \$2, \$5, \$8 and \$10 bills. All notes are extremely rare, ranging in price from \$500 to \$5,000 per note.

In an article in a recent issue of the Ancient Coin Society's 'Cornucopiae' we are informed that: Cleopatra's beauty was not the peerless kind which instantly captivates the beholder. The charm of her presence was irresistible, and there was an attraction in her person and in her talk . . . which laid all who associated with her under its spell. It was a delight merely to listen to the sound of her voice because, like an instrument of many strings, she could pass from one language to another in her interviews with foreigners, she seldom required an interpreter, but talked with them . . . whether they were Ethiopians, Troglodytes, Jews, Arabians, Syrians, Medes or Parthians.

The Royal Canadian Mint recently contracted with the Central Venezuelan Bank to completely design and do the die engraving work for 100 million Venezuelan coins. The value of the contract? \$1,000,000. This represents the first major contract for circulating coinage for a foreign country ever carried out by the Mint.
